

DIYA TRADERS

Filtration Made Simple

SteriUno™ Sticky Roller

INTRODUCTION

SteriUNQ™ Sticky Rollers provide the most efficient means of removing small particles from flat surfaces such as walls, tabletops, floors, ceilings, etc. The adhesive on the sticky film not only removes contaminants but also provides an inhibitor to prevent microbial growth, which makes it suitable even for general and cleanroom use. The specially designed rollers effectively capture and transfer particles and contaminants from surfaces to adhesive rolls.

CHARACTERISTIC

- Strong, non-toxic adhesive coating
 - Especially formulated water-based adhesive treated with antimicrobial agent
 - Easy sheet removal
 - Durable, reusable plastic handle
- Specially designed to efficiently clean hard to reach areas
 - For cleanroom and general use

APPLICATION

- Controlled environments
- Electronics
- Manufacturing facilities
- Hospitals
- Medical Devices
- Computer
- Semi-conductors
 - Laser optics
 - Medical offices
 - Pharmaceuticals
 - Laboratories
 - Instrumentation

PRODUCT SPECIFICATIONS

Material	Polyethylene
Color	Blue, White, Grey
Thickness	0.015+/- 0.003mm
Standard Sizes	4" X 18m, 6" X 18m, 8" X 18m, 12" X 18m
Adhesive Thickness	23+/-2 g/m ²

Adhesive Strength	0.130- 0.170 KN/m
Outer Diameter (mm)	54mm
Inner Diameter 1 (mm)	42mm
Inner Diameter 2 (mm)	38mm
Sticky Roller Handle (option)	1.2 m
